

How to embed Lecturio Content in Blackboard

The following instructions provide the steps to deep-link Lecturio content in Blackboard. The process to deep-link a Lecturio Video Course, Qbank test or Concept Page follows all the same steps.

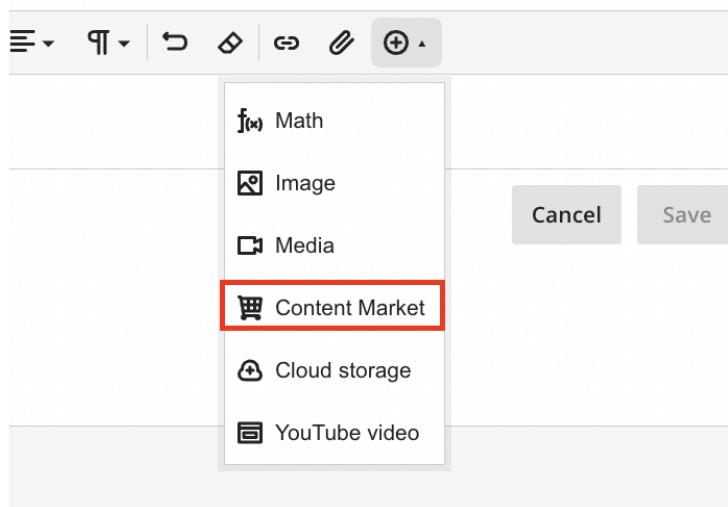

Please note that the progress in the video course will not be reflected in Blackboard's grade book. If you want to have the content graded, please deep-link the Lecturio video course in a Blackboard assignment.

1. Please click on the plus symbol ("+") to deep-link the video course in the **Blackboard Course Content** page and select "**Create**":

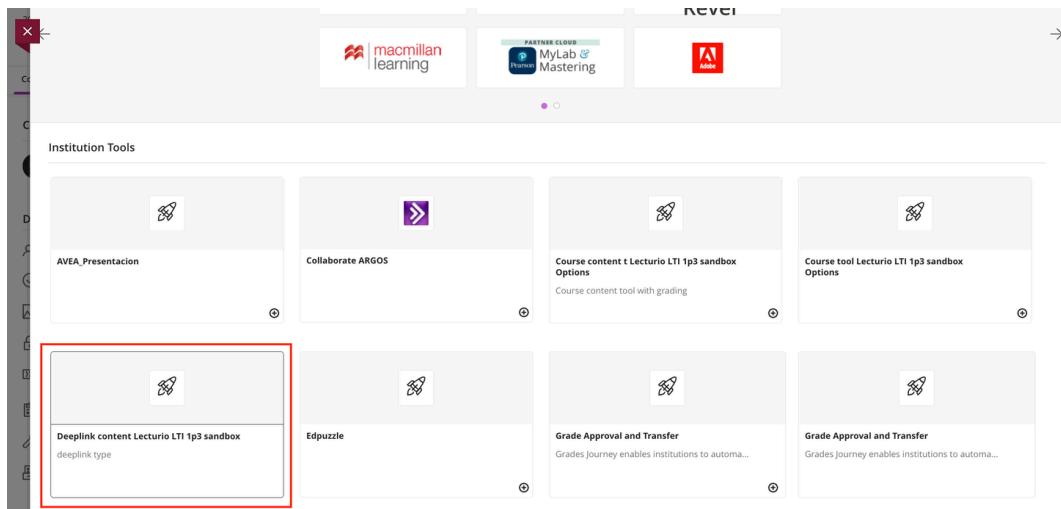

The screenshot shows the 'Course Content' section of a Blackboard course. A context menu is open over the 'Create' button, which is highlighted with a red box. The menu options are: Create, Copy Content, Upload, Cloud Storage, Content Market, and Content Collection. Below the menu, there are several course items listed: 'Presentation Skills Training (EN)', 'Julia's new assignment 15.8.23', 'Principles of Microeconomics (EN)', and 'New Grading Assignment'. Each item has a 'Visible to students' dropdown.

2. Select "**Content Market**" from the drop-down menu:

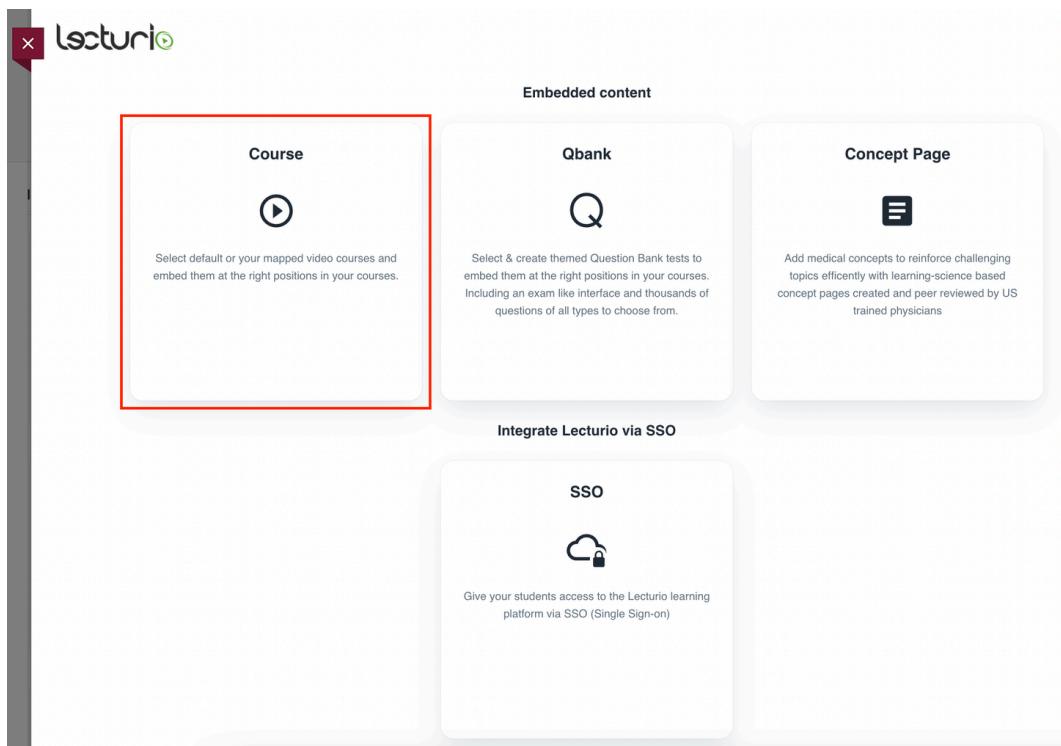

The screenshot shows the 'Create' dialog box in Blackboard. A context menu is open over the 'Content Market' option, which is highlighted with a red box. The menu options are: Math, Image, Media, Content Market, Cloud storage, and YouTube video. At the bottom of the dialog are 'Cancel' and 'Save' buttons.

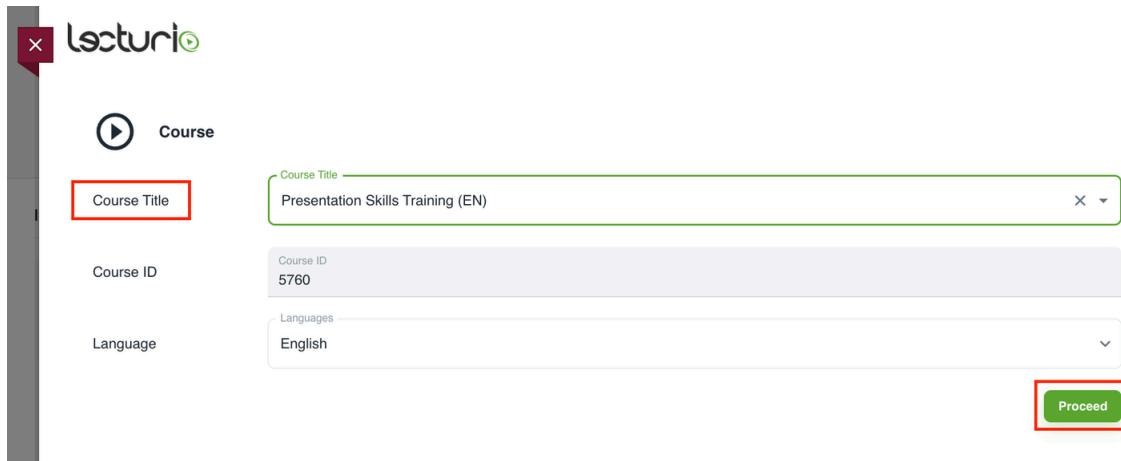

3. Select the Lecturio tool as shown below:

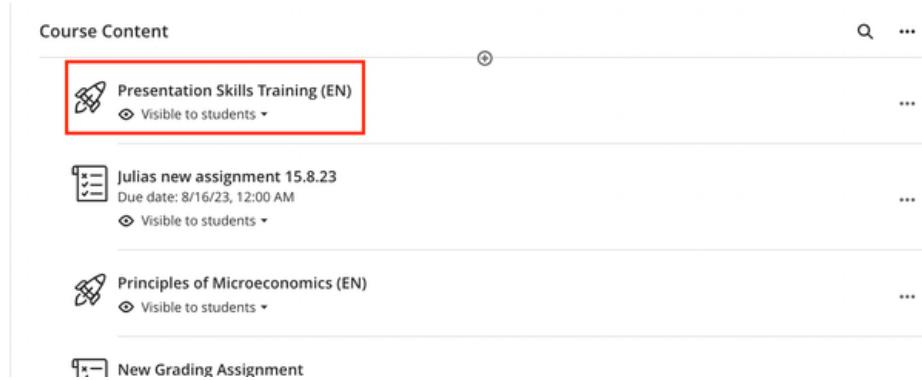

4. In the Tool Picker, click the **Content card** based on the type of content you want to embed:

5. Start typing in the **Title** field (will autofill). Click on “**Proceed**”:

6. The Lecturio content is now embedded:

The screenshot shows the course content list. The 'Presentation Skills Training (EN)' item is highlighted with a red box. The list includes:

- Presentation Skills Training (EN)
Visible to students
- Julias new assignment 15.8.23
Due date: 8/16/23, 12:00 AM
Visible to students
- Principles of Microeconomics (EN)
Visible to students
- New Grading Assignment
